

# New Clean Water State Revolving Fund grant opportunities

---

Hannah Humphrey

August 12, 2020

# Water Quality Incentive Grants

---

- Proposed in Draft Fiscal Year 2021 Clean Water State Revolving Fund Intended Use Plan on public notice now
  - **Purpose:** Grant to incentivize activities that have significant benefits to water quality.
  - **Who is eligible:** Municipalities that apply for a loan for a project with a qualifying component
    - Must apply by March 1
    - Application must include a Facility Plan and acceptable debt instrument
  - Limit one grant per applicant per year

# Water Quality Incentive Grants

Water Quality Incentive Grants	
Project component	Available grant funding
Cost for construction of flood mitigation infrastructure, such as holding basins, flood walls and redirection structures, used in conjunction with a flood control plan.	Up to \$1,000,000, not to exceed 50% of the total funding request
Cost for wastewater treatment plant upgrades needed to comply with new permit limits or to meet the assumptions and requirements of Total Maximum Daily Load Wasteload Allocations for a particular pollutant.	Up to \$1,000,000, not to exceed 50% of the total funding request
Cost for construction of wastewater treatment plant improvements intended to provide renewable energy generation, such as methane recovery, that reduce plant operating cost.	Up to \$1,000,000, not to exceed 50% of the total funding request
Cost for streambank stabilization in the watershed of a drinking water supply lake.	Up to \$500,000, not to exceed 50% of the total funding request
Cost for construction of measures to manage, reduce, treat, or recapture stormwater, or to construct green infrastructure in developed or urban areas to address nonpoint source pollution.	Up to \$1,000,000, not to exceed 50% of the total funding request
Cost for wastewater treatment improvements by a municipality serving citizens enrolled in a rate assistance program to facilitate a rate reduction or relief for affected low income residents, with the grant amount not to exceed the portion of the project serving enrolled citizens.	Up to \$2,000,000, not to exceed 50% of the total funding request
Cost for inflow and infiltration rehabilitation projects	Up to \$1,000,000, not to exceed 50% of the total funding request
Cost for construction of a sewer extension to serve customers in a district or city's service area that will eliminate a permitted, discharging wastewater treatment facility.	Up to \$500,000, not to exceed 50% of the project cost
Cost for construction to connect homes with failing or poorly functioning onsite wastewater systems to an existing central wastewater treatment system.	Up to \$500,000, not to exceed 50% of the project cost

# Technical Assistance Grant

---

- Proposed in Draft Fiscal Year 2021 Clean Water State Revolving Fund Intended Use Plan on public notice
  - **Purpose:** Cost of providing assistance to small and medium publicly-owned treatment works
  - **Who is eligible:** Department will award to one nonprofit entity based on scoring of proposals
  - **How much:** up to \$1,500,000
  - **How long:** 3 years
- Department will distribute Request for Proposals in October 2020 (if approved by Clean Water Commission)
